Re: MB Docket No. 10-56

Dear Chairman Genachowski:

I am writing in support of Comcast's proposed union with NBC Universal. As Chairman of the Board of Supervisors for South Park Township, I can attest to Comcast's record as a corporate partner and its commitment to investing in the communities it serves.

South Park Township, located approximately twelve miles south of Pittsburgh PA, is a growing community, with a population of about 15,000 people. Comcast has demonstrated its commitment to providing quality service to its customers in our community.

For the past several years, Comcast has partnered with the Township during Comcast Cares Day and for South Park Clean-up Day. With Comcast's support we have been able to maintain the natural beauty that makes South Park such a wonderful place to live. In addition to the support it gives South Park during its Cares Days, Comcast also provides free broadband service to our libraries, schools and cable service to our municipal building.

As you consider its partnership with NBC Universal, I hope you will keep in mind Comcast's record of investment in and support for the people of South Park Township, Pennsylvania.

Sincerely,

Dave Buchewicz
